Q) Create a minimalistic (minimum to no CSS) Rock, Paper, Scissor (RPS) game where the user selects any one of RPS, and then computer selects any one of RPS at random. Show a message of who (user/computer) won.

Rock, Paper, Scissors

Select either rock, paper, or scissors and see if you can beat the computer!

Remember: "Rock breaks scissors, scissors cuts paper, paper covers rock."

Rock

Paper

Scissors

Note

1. No inline/internal CSS or JS should be on your page.
2. Focus on the logic/implementation and style it later.
